The puppy is guaranteed to be free of genetic hip dysplasia up to 24 months of age. If I find a defect, I must provide Cory and Lisa Hill with an x-ray verified by the OFA (Orthopedic Foundation of Animals) as to the condition of the hips, and statement from my vet clarifying that it is a genetic defect and not due to any kind of trauma, and that the puppy has received adequate nutrition and care. Cory and Lisa Hill will then consort with their vets to confirm if the puppy has a genetic defect. If it is found to be a genetic defect, I may return the dog to Cory and Lisa Hill for a complete refund minus shipping charges within 2 years of purchase. If I choose to keep the dog, Cory and Lisa Hill will refund me \$225.00. If the puppy is found not to have a genetic defect, I will be required to reimburse Cory and Lisa Hill for the vet bills that they have acquired.
